

Disinfecting Travel Case

UV301G4M

CONGRATULATIONS!

You've purchased the finest in consumer UV light disinfection technology with your new OttLite® product.

LIMITED WARRANTY

Thank you for purchasing your new OttLite® product. To ensure your complete satisfaction, please save this warranty and your purchase receipt.

OttLite® UVC products carry a two-year limited parts and labor warranty.

To obtain service or shipping address simply call 1-800-842-8848 or email custserv@OttLite.com. An OttLite customer service representative will assist you. If it is necessary to return your OttLite product, they will provide you with a Return Authorization Number (RMA). In this event, please return the complete unit with proof of purchase. If after 90 days, please include payment of \$9.90 (U.S. Dollars) to cover return postage and handling costs. Returns without an RMA number will not be accepted. Alterations to OttLite® products may result in voiding this warranty.

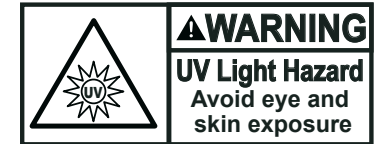

This limited warranty is provided in lieu of any other warranties, obligations or liabilities expressed or implied including, but not limited to, any expressed or implied warranty of merchantability and shall be limited to the duration of this written limited warranty.

Some countries and some individual states in the United States of America do not allow limitations as to how long an implied warranty lasts, so the above limitations may not apply to you.

OttLite® shall not be liable to the purchaser, or any other person for any incidental or consequential damages or loss of profits arising from the use of, or any defect in, or malfunction or failure of the product. Some countries and some individual states in the United States of America do not allow the exclusion or limitation of incidental or consequential damages and these limitations may not apply to you. Only OttLite® may change, amend or modify the terms of this limited warranty and those changes, amendments or modifications must be in writing to be binding on OttLite®. To prevent risk of fire never use the OttLite® product on a dimming circuit.

This Limited Warranty gives you specific legal rights. You may also have other rights, which vary from state to state in the United States of America and from country to country.

NOTE: The important safety instructions appearing in this instruction sheet are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution, and care must be used with any electrical product.

This product is not intended to be used by children

This product is not intended to be used by children

- Do not expose skin or eyes to the UV-C light.**
- UV-C can cause skin burns and eye inflammation.**
- This product should not be used by children.**
- Not intended for use on food.**
- For indoor use only.**
- Do not expose to fire, rain, moisture or wet areas.**

CAUTION: Any change or modification to product not expressly recognized by OttLite Technologies voids OttLite's responsibility for proper function of product.

FCC PART 15

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that the interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
